### Cordill Solutions is

- A Woman Owned Small Business
- DBE certified (Milwaukee County)
- Scaled Agile Coach

### NAICS Codes:

- 541611 Administrative Management and General Management Consulting Services
- 541512 Computer Systems Design Services
- 541511 Custom Computer Programming Services

### Past Performance:

#### Healthcare:

- Functional Leader of IT for a \$15B Merger responsible for structuring integration roadmaps, workstreams, initiatives and \$27M in merger related synergies. Operationalized the program for the combined IT team to deliver.
- Business Continuity Assessment to identify 30 pilot business functions to drive data collection, gap analysis, presentation to CIO/SVP and roadmap development for the remaining organization functions. Roadmap included initial assessment, BC plans and table top test exercises.
- Organization Assessment to identify and report on “shadow IT” embedded in the business for consolidation of activities back to IT

#### Multi-Industrial Technology:

- Agile Transformation of the Global team leveraging change management, training, coaching and configuring a new tool geared toward Agile development. **Result:** Prioritized the business projects to bring the most value to the company first and deliver within months.
- Directed the planning of the 5-year IT Strategy and calibrated IT investment needs with resource leveling, architecture and DM review, CFO alignment and collaboration with Enterprise Demand Management. **Result:** Delivered a strategic 5yr vision that aligned with the products we sell and the channels we serve within global platforms.
- Delivered a global cost optimization program to reduce expenses of \$20M within varying work streams. **Result:** Met and exceeded the plan by 18% within a 2yr period.

#### Insurance:

- Social Collaboration agile/iterative project within the insurance industry to prove company value from a new learning channel utilizing: operational enhancements across 80 field network offices; the sharing of best practices; home office and field collaboration; and departmental business metric improvement. **Result:** Delivered a viable solution that was operationalized and replicated throughout the company by different departments.
